THIS IS US

THE #1 INFORMATION SOURCE FOR THE AV INDUSTRY.

Originally founded in 1998 by Gary Kayye, Kayye Consulting was the industry's first marketing consulting firm. Out of Kayye Consulting came rAve [Publications], which has been the #1 news source for the AV industry since 2003. Now, everything falls under

the umbrella of THE rAve Agency. Capabilities of the agency include business and marketing consulting services, speaking, trade show and live event media and creative marketing, advertising, social media and communications strategy. rAve [Publications] continues to be the

industry's source of news and offers an editorial pathway to make sure the creative is seen, heard, read and watched by everyone in AV.

rAve [NOW] is the exclusive trade show coverage of THE rAve Agency.

We've traveled all over the globe to bring the AV industry the BEST live trade show coverage with our exclusive rAve [NOW] media platforms. rAve [NOW] is BETTER THAN being on the show floor for an attendee, and it is the perfect reference after attendees return home. We partner with AV companies big and small through sponsorships that help them tell their story and empower their brand at the show. We do this through our extensive trade show coverage on our MicroSite and social media channels. Take a look through this media kit to see how rAve can help you make the most of your DSE experience.

Product Video Appointment

Pre-schedule a product video appointment with one of our reporters to ensure your products are featured on our MicroSite during the show! We will film one- to two-minute feature videos on each of your products in 1080p resolution and post them online within 24 hours. We will also share the videos on our Twitter account. Plus, you will be able to download the videos to use for your own marketing in newsletters, on your social media accounts and elsewhere!

LAVNCH Email Blast

You will receive an ad feature in each of our two dedicated DSE email blasts that are sent to our rAVe [Publications] subscribers before and after the show! Your feature will include a 300 x 300 pixel graphic, a 30-character title and a 300-character description. You can highlight specific products, direct attendees to your stand at the show or invite them to visit your website.

rave [NOW]

LAVNCH

And that's a wrap for DSE 2019! This year's show featured 200 exhibitors and nearly 5,000 attendees to display and discuss the new technologies that are shaping the future of the digital display market. With everything we saw at this year's show, we're most excited to see where this market will go from here!

Just in case you missed them, check out some of our favorite new products and technologies shown at this year's DSE Show below. And if you're curious about what else was featured at the show, be sure to check out all of our product videos and event coverage at www.rave-ds.com/DSE2019.

While at the show, we also created a virtual reality experience of the Epson booth. It will be available here link.com. So keep an eye out for it!

-Gary Kaye

Peerless-AV Xtreme High Bright

Peerless-AV's Xtreme™ High Bright Outdoor Displays feature a fully weather IP65-rated design, full HD 1080p resolution for a bright, crisp picture, and IP-protected cover glass for the ultimate outdoor protection. Now for any application, the displays are available in 43", 48", and 60".

VR

THE ONLY FULL-SCALE B2B VR PLATFORM

rAve VR is our B2B (business-to-business) based VR system is platform agnostic (yes, that means it works on EVERY VR Headset on the market) and, best of all, even works as a full 360-degree experience in a web browser.

With our **rAve VR** package, we will create a virtual reality experience of your booth for users to view anywhere in the world! We will handle all production and design, including embedding product videos from our 30,000+ library of every AV product launched in the last 10 years, teleporting the client to your website and even helping you manage the leads.

Like your booth, our VR packages are both creative and customizable! Each package has base-level deliverables/requirements. Growing in value from the base-level, each of our VR packages will be CUSTOM-DEVELOPED to fit your booth's design and layout.

SMALL BOOTH

Booth size: Maximum of 100 square meters

Number of viewpoints: 5 maximum included in base price

Number of integrations: 5 maximum included in base price

Starts at \$10,000

LARGE BOOTH

Booth size: Maximum of 300 square meters

Number of viewpoints: 15 maximum included in base price

Number of integrations: 10 maximum included in base price

Starts at \$20,000

**A "viewpoint," represented by the purple dots on the floor, indicates a clickable place within a VR booth that a viewer can "go" to and view the booth from that point. An "integration" is an added element (like the v-card download in the sample or a rAve [NOW] video shot in your booth at DSE 2020). Integration options are endless and are priced in tiers.*

*Booths larger than 300 square meters will be custom quoted.
Additional viewpoints and integrations may be added for a fee.*
